***Allowable Subject Matter***

1. Claims 1-5 and 7-10 are allowed.
2. The applicant has provided written translations of the foreign priority papers to overcome the rejections set forth in the final rejection filed 22 January 2004.
3. The following is an examiner's statement of reasons for allowance:
4. The closest prior art, Kennedy (US 6,050,208), discloses a composite element and process for making a layer structure using polyisocyanate polyaddition products. However, the reference does not teach an added gas or products made from the addition of a gas. It is the examiner's position that composite elements formed by the addition of a gas would have material differences from those made without the addition of such as gas. Therefore, the process and composites made as such provide a novel and unobvious step over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melanie D. Bissett whose telephone number is (571) 272-1068. The examiner can normally be reached on M-F 8-4:30.
